Codemasters, the team behind 2010's hugely successful GRID arcade racing game. Showdown delivers arcade thrills and full contact racing in every event. Players race on tracks from around the world that are littered with obstacles, pinch points, multiple-routes, and ramps.

Hello Kitty air hockey

Sega brings fun to children's hockey table with the well-known character, Hello Kitty. This compact two-player table is perfect for children ages two to eight and features LED scoring on the playfield, two ticket dispensers for each player, one coin comparator, and a polycarbonate scratch-free play field.

Plants vs. Zombies 60-inch Super Deluxe

Sega's Plants vs. Zombies: The Last Stand, developed by PopCap® Games, puts the player at the control of a cabinet-mounted Peashooter to stop advancing waves of zombies. If any zombie crosses the players' "last line of defense," the game is over. As zombies are destroyed, tickets are paid out.

Smart Industries

Prize Time Deluxe

This new, well-priced crane adds illuminated brilliance to any location and features fully lit front panels with colors cast by LEDs and is available in four sizes. Operators can choose from seven colors that best fit the location. The unit comes DBA ready and features a high quality Imonex coin mechanism.

Stern Pinball

WWE Wrestlemania

The new WWE Wrestlemania pinball machine will be available in both Pro and Limited Edition models. The two models feature an innovative upper pinball playfield wrestling ring. With the flipper buttons, players control two "Slammer" slingshot-style kickers in the ropes of the ring.

Universal Space

Beat the Goalie

The popular soccer themed console and attractive LED lighting houses a fast-paced head to head competition, with repeat shooting action and entertaining game play. Players aim to shoot the balls through the individ-

ual holes and beat the goalie before the time runs out.

Bunny Pond

A kiddie redemption, water gun game which has a smaller footprint for flexibility. A player uses skill to squirt the bunnies back home and is great for younger users. Features include an elephant water squirter, no plumbing, a colorful cabinet, and fits any indoor location.

Duo Drive

A simple yet engaging children's game that is either a single or two-player game. Ride either the motorbike or drive the car in a race to the finish line picking up points along the way. Use the handlebars and steering wheel to avoid obstacles and pick up gold coins.

Panning for Gold

Players use the controls to scoop up as many gold nuggets as possible within the time limit and dump their treasure onto the unique weighing platform. The heavier the nuggets the more tickets won.

Pirate's Hook

With UNIS' innovative reel mechanism, players lower the hook into the ocean to see how many fish can be caught and brought onto the boat. The bigger the fish the more points; watch out for the junk on the seabed. Catch the Lobster King to win the mega bonus.

Safari Ranger

This safari-themed two-player and four-player video redemption game boasts a 42-inch LCD monitor with multiple levels of tension on the wheel mechanism with which you lasso the animals. Players help rescue safari animals using skill and timing; the bigger the animal, the higher the score.

Up and Away

Up and Away is a space travel themed skill-based redemption game. Energize the air blaster gun to guide the balls into the target. Each time a ball drops into the target your animal character will move up. Get all four balls into the targets first for the Galaxy Bonus. ▲

This list includes only those companies who responded to our requests. There is still much more to see at this year's Amusement Expo.
